

# COMMUNION WARE - traditional sets & accessories

Communion Tray holds 40 cups.

Whether you are distributing the elements in your church or chapel, or in homes and hospitals, Artistic offers you a superb collection of communion ware in a variety of sizes and affordable price ranges.

## SUPERBLY CRAFTED COMMUNION WARE

Constructed to give many years of service.

**SILVERPLATE** has an unduplicated beauty. Artistic selects the finest solid brass pieces, hand polished to perfection. Then we plate them with the purest of solid, silver bars. Pieces occasionally need polishing with a fine standard silver polish.

**BIO-KHROME** radiates a unique, warm luster with an exclusive urethane finish that is solvent free and environmentally safe. An alternative to plated chrome, easy-care Bio-Khrome will not tarnish and is as durable as brass.

**CHROME** has a plated, mirror-like finish that may be wiped with a soft cloth or washed in lukewarm water. Allow 12 weeks for delivery.

**SOLID BRASS** radiance is protected by an exclusive urethane finish which will give years of worry free use with proper care.

**COPPER** gives a stunning and contemporary look. Its rich luster is protected by an exclusive urethane finish that will give many years of maintenance-free use.

## ECONOMY COMMUNION WARE

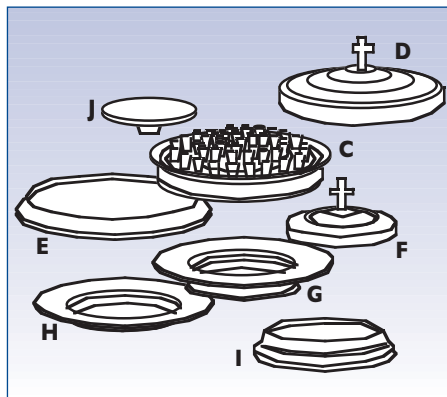

Sturdy, lightweight and practical designs in durable aluminum.

**BRASSTONE ALUMINUM** has a permanent, polished finish due to an exclusive anodizing process. It never requires polishing, and the beautiful finish matches other brass appointments.

**SILVERTONE ALUMINUM** has a permanent, polished finish due to an exclusive anodizing process and will never tarnish.

**POLISHED ALUMINUM** has a mirror-like luster and will provide years of service. All polished aluminum finishes will require occasional polishing. Ideal for churches with limited budgets.

**BIO-KHROME** is solid metal alloy coated with our exclusive urethane finish. A solvent-free, non-toxic and absolutely safe protective coating for our environment.
